

SEVEN MEN KILLED
IN CHICAGO TODAY.Deputy Marshals Fire Upon
Two MobsENGINEER STONED TO DEATH
IN HIS CAB.Three Regiments Ordered Out By Governor
Altgeld On Demand Of Mayor
Hopkins, and the State Troops Join
the Government Forces—Rioting All
Along the Illinois Central this
Afternoon.CHICAGO, July 6.—Seven deaths
opened the strike record for today.A Fort Wayne engineer was stoned
to death in his cab, by a mob early in
the morning. He refused to leave his
cab and was surrounded by a thousand
and infuriated men who killed him be-
fore the police could be called.In breaking a blockade in Kensing-
ton, a south side suburb on the Illi-
nois Central, United States deputy
marshals came in conflict with the
mob. One volley was fired and two
of the strikers were killed. Several
were badly hurt.An effort to start a train on the
Baltimore & Ohio on the lake front
tracks resulted in another battle be-
tween United States deputy marshals
and the mob. Four of the mob were
killed.A few minutes before noon Mayor
Hopkins asked Governor Altgeld for
five regiments of militia, three from
this city and two from other points.
There is rioting for miles along the
Illinois Central. All the police were
massed on the lake front with the regu-
lars at noon and started for the
scene.A battle was seen to be imminent.
Governor Altgeld ordered out the
First, Second and Seventh regiments
of this city as soon as telegrams could
be exchanged and the regiments as-
sembled in their armories. On every
hand there was evidence that the men
had not been called out for a holiday.
The situation spoke of bloodshed.CHICAGO, July 6.—Under the cover
of darkness Gen. Miles last night
massed the United States soldiers in
Chicago and its vicinity on the lake
front. In the morning when the city
awoke it found there the two com-
panies of infantry which have been on
guard at Grand Crossing, one company
of cavalry, one battery of artillery,
which has been in the stock yards;
four companies of infantry which
came from Fort Leavenworth on a
special train at the rate of
fifty miles an hour, arriving at
4 a. m.; and three companies of
infantry from Fort Brady, Mich.,
which came in on a special a little
later. This is believed by men con-
versant with the situation to indicate
that Chicago within twenty-four hours
may be under another government—
that of the army of the United States.
Early this morning commanding
officers were poring over a large map
of Chicago and discussing among
themselves matters of grave moment.
One of them who desired that his name
be not given said: "If the threat of
Debs to call out the allied trades,
the laboring men of Chicago, is car-
ried into effect it is feared there will
be rioting and destruction of property
in the city. We are here to prevent
it if possible, but to stop it in any
event."The railroads attempted to resume
traffic yesterday, but the effort was
very far from being a success. Rioting
occurred at the stock yards and on
one occasion the soldiers charged
the crowd with fixed bayonets. No
one was hurt. Box cars were over-
turned on the track, switches turned,
and every form of obstruction resorted
to. The roads finally gave up the at-
tempt to resume traffic. A big riot,
with serious loss of life, seems in-
evitable.

TRAINS DEAD AT JOLIET.

Only a Few Are Moving at the Peni-
tentary Town.JOLIET, Ill., July 6.—All Rock Is-
land and passenger trains have gone out
from here. A meeting of railroad men
decided that every engineer, fireman,
switchman and gateman would
stop work at noon yesterday, which
order was promptly obeyed. The
Chicago & Alton was doing nicely up
to 12 o'clock, but since then there has
been a change. Every engine in Joliet
is dead. A meeting was held yester-
day, resulting in forming a new lodge
of the American Railway Union with
120 men. Another meeting is being
held to induce the Michigan Central
men to quit.RODHOUSE, Ill., July 6.—The Chi-
cago & Alton engineers decided to go
to work pending a conference.PEORIA, Ill., July 6.—It is expected
the American Railway Union men
here will strike, blocking everything
here and at Pekin. They were to
have gone out last night, but decided
to clear the yards.EAST CHICAGO, Ind., July 6.—The
latest development of the strike here
is the anticipated strike of the street
car employees. The strike will take
effect at 6 o'clock, and this will com-
pletely isolate this place from all sur-
rounding towns. No trains are mov-
ing.LOGANSPOUT, Ind., July 6.—The Pan-
handle yards are practically dead.
The American Railway Union lodge
here was organized some weeks ago
with forty members and yesterdayadded over a hundred to the list. A
membership of 350 is claimed.

BIG FOUR'S MEN QUIT.

Michigan Division of the Road Tied Up
by Strikers.BENTON HARBOR, Mich., July 6.—At
7 o'clock yesterday morning all freight
trains, yard engines and other posts
of duty were abandoned on the Big
Four railroad terminus here on orders
received at midnight from superior
American Railway Union officers. The
regular passenger and mail trains got
away on time just before the strike.
It is rumored by Big Four men that a
general stoppage of traffic through
here on the Chicago & West Michigan
road will occur within the next
twenty-four hours.ANDERSON, Ind., July 6.—Under
orders from Debs twenty-five switch-
men, trainmen, and baggage men here
quit work. Mail train No. 23 was de-
layed an hour.ANDERSON, Ind., July 6.—American
Railway Union men here went on
strike yesterday. The strike seriously
affects the Indianapolis & Michi-
gan division of the Big Four inter-
secting here. Passenger and freight
trains are tied up here and the roads
are blocked.DETROIT, Mich., July 6.—The strike
situation in Michigan is not reassur-
ing to the companies. Not only is the
strike spirit spreading to all classes
of railway men, but the general pub-
lic is egging the men on to go their
limit. All the roads will be tied up
to-night.WARSAW, Ind., July 6.—The Michi-
gan division of the Big Four road is
tied up its entire length from North
Vernon to Benton Harbor, 250 miles,
so far as its freight traffic goes, while
its passenger business is also suffering
severely. The men say they will not
permit outsiders to take their places,
and that they expect to have every-
thing save the mails tied up.WARSAW, Ind., July 6.—On the Big
Four line double trains were headed
out each way last night, but the night
express, accommodation trains each
way, mail trains, and limited each
way are tied up at this point with
several hundred passengers and six
cars carrying mail. The firemen have
struck and the engineers refuse to
work with non-union men.

Traffic Resumed at Terre Haute.

TERRE HAUTE, Ind., July 6.—There
was no interruption of passenger
traffic yesterday. The Chicago &
Eastern Illinois had two trains each
way, the one arriving at 2 p. m. being
the first that has come through from
Chicago on schedule time in six days.
The Big Four had several passenger
trains each way, clearing up the
blockade that was caused by the
strike of the men at Mattoon. A freight
train from the west at 4 p. m. was
abandoned by the crew here. Two
hundred Vandavia men employed in
the shops and freight-house went out
yesterday. Several freight brakemen
and one freight conductor also joined
the strike.EVANSVILLE, Ind., July 6.—The
Evansville and Terre Haute railroad
has all trains running regularly. The
Air Line and Peoria, Decatur and
Evansville are running their passenger
and local freight trains regularly.

Wabash Moves Trains at Decatur.

DECATUR, Ill., July 6.—The United
States court injunction notices, in red,
were yesterday posted on Wabash
buildings in Decatur. It was quiet
around the depot all day. The Wa-
bash sent out trains in every direction
and trains came in nearly on time, but
there was no train from the west.
There are fifty United States marshals
here to see that the court order is not
violated. The Delavan and Lincoln
military companies have been sent
home, leaving only the Jacksonville
company to aid the sheriff, the mar-
shals and the Wabash officials in mov-
ing trains.

Situation at Milwaukee.

MILWAUKEE, Wis., July 6.—The
strike sentiment is spreading and in a
few days all branches of business de-
pendent on trades may be shut down
by a general strike. The Federal
Trades Council held an open meeting
last night and it was demonstrated
that the union men of this city in all
branches of industry are ready and
willing to strike at a call from the na-
tional officers of the organizations rep-
resented in the federation. The St.
Paul bridge at Granville, north of this
city, was burned yesterday. The
Goodrich Transportation company is
likely to be tied up.

Council Bluffs Is Tied Up.

COUNCIL BLUFFS, Iowa, July 6.—The
strike situation has not materially
changed here in its main features.
The Rock Island is tied up completely
and other roads are doing but little
business, with the exception of the
Burlington, whose officials claim that
the strike has hurt them but little.
The statement that Grand Master
Workmen Sovereign had ordered a
strike is incorrect. He has, however,
sent out dispatches to all local assem-
blies of District No. 82, which includes
only the employees of the Union Pacific
system, ordering meetings to be held
at once to vote on the question of
striking.

Sovereign in Sympathy with the Strike.

OMAHA, Neb., July 6.—Grand Master
Workmen Sovereign wired President
Debs at Chicago last evening: "Neither
make nor accept any compromise.
Nothing but victory would satisfy our
people." This telegram, Sovereign
said, was sent as a measure of encou-
agement in order to let the Railway
Union know how the Knights feel on
the strike. Trains on the Union Pa-cific have been ordered east from
Cheyenne, and it is believed they will
get through as the United States
troops will quiet the strikers.

Nickel Plate Tied Up Tight.

FORT WAYNE, Ind., July 6.—The
American Railway Union has now
over 700 members in this city. Robert
Miller, an employee of the Nickel
Plate road, has completely tied up
the company's business in this city.
Even the section men are out. An
official of the road offered \$1,000 to
any man who would take a through
train to Chicago, but no one re-
sponded. An order was received from
President Debs at 4:33 p. m., it is said,
ordering a strike on the Pittsburg,
Fort Wayne & Chicago road.

Trains Move at Sioux City.

SIOUX CITY, Iowa, July 6.—The
strike situation is quiet. No attempt
was made to block trains further than
the burning of bridges on the Illinois
Central and Omaha roads. There have
been no serious conflicts between the
militia and the strikers. No freights
are moving yet, because of inability
of the roads to get crews for them.DUBUQUE, Iowa, July 6.—Freight
and passenger trains are moving on
all the lines. The Chicago Great
Western is receiving freight and mov-
ing freight trains.

Citizens Take Away the Mail.

BRAZIL, Ind., July 6.—Citizens came
down on hand cars from several points
along the road and took the mail on
hand cars to its destination.CHAMPAIGN, Ill., July 6.—Thirty em-
ployees of the Illinois Central here,
members of the A. R. U., have struck.
The Sidney branch of the Wabash is
tied up, there having been no trains
running into this city for three days.FORREST, Ill., July 6.—Everything is
quiet in strike circles in Forrest. No
trains have been run on this line since
Monday.

State in the Grip of Strikers.

SAN FRANCISCO, Cal., July 6.—The
seventh day of the great railroad
strike closed with the blockade more
complete in Northern California than
it has been at any time since Debs
ordered the Railway Union men to
tie up the Southern Pacific. At Oak-
land and Sacramento the embargo of
the strikers is absolute, not a wheel
being allowed to turn and at no other
point in the state is the Southern
Pacific doing any business.

Roads Resume Business at Denver.

DENVER, Colo., July 6.—The re-
ceiver of the Gulf system announces
the road is open for both passenger
and freight business. The Rock
Island now receives freight of all
kinds as well as passengers. The Santa
Fe started a train for Chicago and an-
nounces it is running in perfect order.
The Union Pacific road runs its west
bound trains as far as Cheyenne only.

Alton Restores Good Service.

BLOOMINGTON, Ill., July 6.—All
passenger trains on the Chicago &
Alton road were running yesterday.GALESBURG, Ill., July 6.—The Chi-
cago, Burlington & Quincy sent east
from here yesterday 200 cars of meat.
At Streator the Illinois, Indiana &
Iowa took the trains. The officials
here have not yet received orders to
ship freight accumulating here to Chi-
cago.FREEPORT, Ill., July 6.—The strik-
ing switchmen at this point held a
meeting and decided to resume work.

Troops Will Clear the Way.

SPRINGFIELD, Ill., July 6.—The
Wabash had more trouble here yester-
day. A passenger train came in from
Jacksonville in the morning, and the
strikers refused to let it proceed.
United States Marshal Brinton, while
the mob was assembled, served sum-
mons on about fifty of the strikers,
commanding them to appear at the
August term of the Federal court to
answer the charge of contempt of
court. In the evening Gov. Altgeld
ordered the militia company to pro-
ceed to this city at once.

Violence at Delray.

DETROIT, Mich., July 6.—Strikers at
Delray, just outside of Detroit, in-
dulged in their first act of violence
yesterday afternoon. Engineers and
firemen were taken from engines and
warned not to take the places of
strikers. The Wabash is not attempt-
ing to move a wheel. Rumors are
flying around that everything is to be
tied up on all the lines. The deputies
are notoriously in sympathy with the
strikers.

Quiet at Cairo, Ill.

CAIRO, Ill., July 6.—Both freight
and passenger trains were moving
yesterday without molestation. The
state troops are still in possession of
the Illinois Central yards at Mounds.
The strikers are quiet. They are
making no threats, but are evidently
disappointed in their failure to induce
the engineers to refuse to haul freight
trains.

Grand Trunk Tied Up.

VALPARAISO, Ind., July 6.—Both the
Fort Wayne and Grand Trunk roads
are tied up here. Two trains on the
Fort Wayne road are sidetracked, and
one train on the Grand Trunk, with
250 passengers brought through from
Battle Creek. Their orders are to
stay here until further notice. No
trains from the west have arrived
since noon yesterday on any road.

No Western Mail at Buffalo, N. Y.

BUFFALO, N. Y., July 6.—The strike
now affects Buffalo seriously. Mails
from the west are shut off and the
railroads can get through no trains.
A meat famine here is inevitable un-
less the strike ends speedily. Prices
advanced yesterday from 1 to 5 centsSUNK THE VALKYRIE
AND BEAT AMERICA.MUD HOOK RACE RESULTS
VERY BADLY.All On Board the Wrecked Yacht
Safely Landed—Came Into Collision
While Trying to Make the
Start For the Mud Hook Club
Regatta.HUNTER'S QUAY, Firth of Clyde,
July 6.—The Valkyrie, Lord Dun-
raven's fleet yacht, was sunk by the
Satanita while making the start for
the Mud Hook Yacht club race to-day.
These two yachts, with the Vigilant
and Britannia, were coming up to the
starting line preparatory to beginning
the race, when the accident took
place. In some way the two
craft became locked together, and in
a few minutes the Valkyrie settled
and sank, while the Satanita was so
badly damaged that she was obliged
to retire. Some time passed before
the people ashore fully realized what
had happened. The Satanita, it ap-
pears, was luffing for the start and
was unable to get out of the Valkyrie's
way as the latter was coming up to
the starboard tack. The Valkyrie's
bowsprit ran across the Satanita's fore-
sail and the collision carried away the
Satanita's bowsprit and topmast, leav-
ing her a wreck, covered with tangled
rigging and collapsed sails. The
force of the collision cut the Valkyrie
down to the water's edge and she
slowly settled and sank in 3 minutes.
Ashore, owing to the mist, it was
difficult to immediately ascertain
what had happened, except that there
had been a collision and that the
Valkyrie had gone down.For a time it was feared that a num-
ber of the crew of the Valkyrie had
been drowned. Happily this was not
the case, as Lord Dunraven, Watson
and the officers and crew of the
Valkyrie were picked up by
boats which put out from the shore
and from the many sailing yachts and
steam yachts in the vicinity. Lord
Dunraven was a sight long to be re-
membered when he was taken on
board Hebe. He was no longer the
spruce, dignified gentleman so well
remembered in America.

MICHIGAN POPULISTS.

Dr. A. W. Nichols Nominated for Gov-
ernor of Wolverine State.LANSING, Mich., July 6.—At 1
o'clock yesterday morning Dr. A. W.
Nichols was nominated for govern-
or by the populist state conven-
tion. Several other names had been
proposed, but each declined. Mayor
Pingree of Detroit, who, although a
candidate for the republican nomi-
nation, is said to have some popu-
listic tendencies, received a consid-
erable support on the first ballots.
About 350 delegates are present.The balance of the ticket was com-
pleted as follows:Lieutenant governor—Perry Mayo of
Calhoun.Secretary of state—Elisha Pangborn
of Grand Traverse.Treasurer—Edward Brown of Clin-
ton.Auditor-general—Robert McDougall
of Hillsdale.Attorney-general—James E. Mc-
Bride of Kent.Commissioner of state land office—
Addison C. Kelly of Wayne.Superintendent of public instruction
—M. O. Graves of Emmett.Member of state board of education
—Frederick H. Olmstead of Isabella.United States senators—F. H. Bel-
den of Jackson, and Henry M. Allen
of Kalamazoo.

HER CARGO ON FIRE.

Steamship Caracas Forced to Return to
New York—Passengers Landed.NEW YORK, July 6.—The Red D Line
steamship Caracas, which sailed
from this port to Venezuelan
ports last Monday, returned on
fire at 5 o'clock this morning.
As she passed Sandy Hook she signalled
the operator stationed there of her
predicament. He promptly notified
her agents and the fireboat New York-
er was sent down the bay and met the
Caracas off Robin's reef. As soon as
the New Yorker came alongside
the burning steamship began pumping
water into her hold by means of
several streams. Meanwhile the
tug Excelsior, which had been
chartered by the Red D Line
agent, took off the passengers and
landed them at the Battery. The
Caracas was then towed over to the
north side of Liberty Island, where
she is likely to sink from the great
amount of water being pumped into
her.The Caracas is an American iron
screw steamship of 1,775 tons. Her
cargo, which is valued at more than
\$80,000, was discovered to be on fire
yesterday. Efforts to extinguish the
blaze were unsuccessful and it was
deemed best to return to port.

Shot His Wife and Himself.

WARRENSBURG, Mo., July 6.—Near
Knobnoster, ten miles from here, to-
day John Tittsworth, who had been
separated from his wife for some time,
went to her home and shot her and
then shot himself, both dying within
20 minutes.

The Vigilant Defeated.

HUNTER'S QUAY (Firth of Clyde),
July 6.—The prince of Wales' yacht
Britannia has defeated the American
flyer Vigilant for the Muir memorial
cup.

WHITE STAR IS BURNED.

Steamer Destroyed at Cheboygan—Nar-
row Escape of the Crew.CHEBOYGAN, Mich., July 5.—The
little steamer White Star burned
while lying at her dock here at
3 o'clock this morning.
The crew were all asleep at the time
and had narrow escapes from being
burned to death in their bunks.
Fortunately they all escaped to the
dock, but lost everything they had.
The White Star was owned by
Capt. L. L. Flyfield of Port Huron,
who also commanded her. He had
been to Chicago to get the barge E. S.
Robinson, which he had recently pur-
chased there as a consort for his
steamer. The White Star was valued
at \$10,000.

Serious Conditions in Kansas City.

KANSAS CITY, Mo., July 6.—The rail-
road tie-up shows no signs of breaking
here as yet. It looks now as if
there will be a pretty general
strike of switchmen. The Alton
and Wabash have done nothing
to-day. The Santa Fe
moved a freight train west from Ar-
gentine, and managed to get out its
regular passenger trains. All the
passengers for California and Mexico
via the Santa Fe who have departed
from this city within the past three
days were brought back here this
morning free by the railroad com-
pany. They were unable to get be-
yond La Junta, Colo.

Talk of a Secret Agreement.

LONDON, July 6.—The Telegraph,
commenting on the Korean question,
says that the hidden peril of the situ-
ation is in the allegation that Russia
and China have concluded a secret
agreement, contrary to the treaty of
1885. It will, it says, cost Great
Britain the price of another naval
squadron if Russia is ever allowed,
through China, to occupy Korean
ports. It is England's plain policy,
consistent alike with honor and inter-
est, to support Japan in the just
action she is taking to guarantee
China against the intrigues and perils
which threaten its security.

Fruit-Growers Are Alarmed.

NEW ORLEANS, La., July 6.—The
Tropical Fruit-Growers' association
held a meeting last night and dis-
cussed the damaging effect of the
pending railroad strike in the west,
which has caused the loss already of
200 carloads of bananas and threatens
the total ruin of the trade unless
ended. The association telegraphed
to the president and members of the
senate urging them to take immediate
action to protect interstate commerce
and prevent further illegal and un-
warrantable interference with it.

House Receives the Tariff Bill.

WASHINGTON, July 6.—The events of
interest in the house yesterday were a
cablegram of congratulations from the
Brazilian chamber of deputies to the
house of representatives on the one
hundred and eighteenth anniversary
of American independence and the
reception of the tariff bill. This
latter event excited democratic ap-
plause and the bill was laid upon the
speaker's table. The bill to subject
to state taxation national bank notes
and United States treasury notes con-
sumed the entire afternoon.

Waite Questions Federal Rights.

DENVER, Colo., July 6.—In a speech
at a populist meeting Gov. Waite said:
"Deputy United States marshals have
no right whatever to be employed by
any individual or corporation. In
Colorado a receiver has enlisted an
army of deputies and sent them to
Trinidad and the papers tell me that
the people disarmed them." This
sally was given by the governor with
significant emphasis and was cheered
by the audience.

More Troops for Chicago.

WASHINGTON, July 6.—Gen. Schofield
late last night wired Gen. Miles at
Chicago to order six companies of in-
fantry from Fort Leavenworth, Kan.,
and two companies of the Nineteenth
infantry from Fort Brady, Mich., to
Chicago immediately, in order to in-
sure the presence of a sufficient force
to meet all emergencies.

Canadian Pacific Backs Down.

MONTREAL, July 6.—The embargo
which was put on the Canadian Pacific
railroad from London west to Chi-
cago on account of their using Pull-
man cars in addition to their own
sleepers, was raised to-day upon the
company agreeing to do without the
Pullmans.

Ask for Troops in Missouri.

ST. LOUIS, Mo., July 6.—General
Manager Hays of the Wabash has
asked Gov. Stone to send militia to
Moberly to protect his trains and men
from acts of violence by strikers. The
governor replies that he will prevent
the forcible detention of trains and
bring to punishment all violators of
the law.

Bank of England Statement.

LONDON, July 6.—The weekly state-
ment of the Bank of England, issued
to-day, shows the following changes
as compared with the previous ac-
count: Total reserve increased \$6,855,-
000; circulation increased \$4,790,000;
bullion decreased \$1,062,195; other
securities increased \$6,243,000; other
deposits increased \$1,845,000; public
deposits increased \$11,940,000; notes
reserve decreased \$6,675,000; govern-
ment securities increased \$15,000,000.

Say Telegraphers Will Strike.

EMPORIA, Kan., July 6.—It is claimed
by the strikers here that the tele-
graphers on all the roads will be or-
dered out.WHITE CITY GONE;
ONLY ASHES LEFTDAYLIGHT BREAKS ON RUIN
AND DESOLATION.The Destruction so Complete that Noth-
ing Will Be Saved—One Spectator
Killed and Another Fatally Injured
—Government Building Spared—
Seven Were Destroyed.CHICAGO, July 6.—The White City
was almost wiped out of existence last
night in three hours by fire. In the
following order the buildings named
were burned:TERMINAL STATION.
ADMINISTRATION BUILDING.
MINES AND MINE BUILDING.
ELECTRICITY BUILDING.
MANUFACTURES BUILDING.
AGRICULTURAL BUILDING.
MACHINERY HALL.The Transportation building was
badly scorched, but hard work by the
firemen—and the only work they did
that appeared to any advantage—
saved the Government building from
the flames.The loss will fall upon the Colum-
bian Exposition Salvage company, to
which the buildings were sold by the
Exposition company May 5 last. The
price paid was \$80,000, and all the
buildings were included except the
Convent La Rabida, the Forestry
building, and the United States build-
ing. The latter was purchased later
from the government by the company
for \$3,000.There can be no salvage from the
fire of last night. All the iron not
melted was torn and twisted into
tangled masses that can not well be
handled, much less sold or disposed of
in any way. The massive girders in
the Manufactures building roof, which
were supposed to be able to stand
almost anything, were twisted like
wire and some were even melted into
unwieldy masses of metal.One spectator was killed and an-
other so badly hurt that he will die.
No firemen were hurt.

ADOPTS THE PLATFORM.

Illinois Federation of Labor Finishes
Its Business.SPRINGFIELD, Ill., July 6.—After
three days the convention called by
the Federation of Labor of the state
concluded its labors and adjourned.
A compromise platform has been
adopted. The populists will have
control of their nominations in counties
outside of Cook and the representa-
tives of the Trade and Labor assem-
blies, the socialists, and the anar-
chists will manage the same in Cook
county. The majority report, which
was published yesterday, was adopted
with the following amendment:"We recommend independent politi-
cal action by the bodies represented
in this conference. For that purpose
we recommend the officials of these
bodies to take immediate steps to
hold a national convention to
perfect the plan for such a
concert of political action. Pending
the organization of such a party
we recommend those we represent
in this conference to vote for those
candidates for the People's party at
the coming election who will pledge
themselves to the principle of the col-
lective ownership by the people of all
such means of production and distri-
bution as the people elect to operate
for the commonwealth."A resolution denouncing the prison
labor contract system and calling on
the state to prevent the importation
of convict labor from other states was
adopted. The publishing firm of Rand,
McNally & Co. of Chicago was boycotted
on account of its disagreement with
Typographical Union No. 16. The
resolution expressed the hope that the
union would win its boycott. A 16
to 1 free coinage resolution went
through, as did also some matters of
minor moment.

STRIKE STOPS WORK IN LOCAL SHOPS

COTTON MILLS FORCED TO SHUT DOWN.

Lieutenant Colonel Randall in Charge of the Fort Leavenworth Troops in Chicago—Janesville Will Soon Be Short On Oil—Few Freights Moved Today.

All freight trains on the Chicago, Milwaukee & St. Paul road were abandoned this morning, but passenger trains are running on time. The company's yards in this city are as quiet today as a village cemetery, nothing whatever doing. The employees of the company here all regret this state of affairs and the general stoppage of railway business and are opposed to the strike.

The Northwestern yards were quiet today. Now and then a switch engine steamed out on the track, with a crew making up some way freight, but aside from this nothing was doing.

The stock yards are full of stock, waiting shipment to Chicago. "I am loaded clear up with stock," said George Charlton, this morning, "and I wish some one would tell me what to do with it. The stock up in the yards are eating their heads off at my expense."

"I was in Milwaukee yesterday, and saw Superintendent Collins and McKenna in the yards making up trains," said Attorney A. A. Jackson this morning. "The regular crews who were on a strike stood by watching the old timers and joking at them, but they kept at their work and every once in a while sent a train out from Milwaukee."

Factories Closed by the Strike.

For lack of fuel the Janesville cotton mills have been forced to close. Thoroughgood's box factory has also shut down it being impossible to ship goods. Other factories are on the ragged edge.

Janesville people feel the effects of the railway strikes in more ways than one. The Standard Oil Company, from whom pretty much all the oils consumed in this section of country is procured is being cleaned out of the storehouse supply, and but a few days will elapse before the supply is entirely exhausted and people who depend on oil for illuminating their homes or for fuel will be compelled to resort to other means.

"We distribute about one hundred barrels of oil a day to the country depending on the Janesville storehouse," said W. B. Stoddard, the local agent of the Standard Company. "We are all right for this week, but in case the tanks which are consigned to me and are side-tracked some where on the road, do not arrive by Saturday, there will be some trouble for parties who depend on oil. Our gasoline is now very near exhausted, and oil stoves may be cut short or dispensed with entirely. We have plenty of oil in tanks on the road, but the trouble is in getting it here."

Colonel Randall in Chicago.

Today's Inter-Ocean says: "Lieutenant Colonel George M. Randall, is on his way here from Fort Leavenworth, Kan., with five companies of infantry. They will arrive at the Union depot, over the Chicago, Burlington & Quincy this morning at 7 o'clock. Two companies of infantry are also on the way here from Fort Brady, Mich. These seven companies it is the intention to camp on the Lake Front. The Fort Leavenworth battalion consists of five companies of 350 men, and are the pick of the garrison, which is composed of companies A, Fifth regiment; H of the Seventh, A and F of the Tenth, E and G of the Twelfth; F of the Thirteenth, and H of the Fourteenth. They left Fort Leavenworth yesterday morning and are coming over the Chicago, Burlington & Quincy railroad."

C. & N. W. Affairs in Milwaukee.

Things are more peaceful on the C. & N. W. in Milwaukee. Assistant Superintendent Cantillon stated that twenty-one of the firemen who had struck had asked to be reinstated and that the road was having no trouble for lack of firemen. He said that three trains of freight had been made up yesterday by new switching crews. Freight Agent F. P. Eymann said that three freight trains had been received yesterday. The company yesterday had received every kind of freight but house freight and today would begin to handle house freight again. Sixteen cars of beer were received yesterday. Fifteen freight handlers were put to work delivering freight now stored in the freight houses.

Handled No Freight.

The officials of the Chicago, Milwaukee & St. Paul made no attempt to ship any freight today, but exerted all efforts to keep the passenger trains moving. During the day some freight was received at the freight houses, but it was not loaded on cars. Assistant Superintendent McKenna said last night that all passenger trains during the day had arrived and departed on time. Some of the firemen during the day had left, but their places had been filled with others whom the company had on hand. Mr. McKenna said that the strikers were intimidating men who had not gone out in sympathy with the A. R. U. strike, and that all who violated Judge Seaman's injunction would be prosecuted. He said that some of the firemen had not left their engines, and that O. E. Warner, one of the firemen mentioned in the injunction had returned to work last evening.

M'CONNELL NOT BROUGHT TO TRIAL

Landlord Galbraith Says He is Satisfied and the Case is Dismissed.

F. M. McConnell was discharged this morning upon being brought into municipal court for trial on charge of beating his board bill. District Attorney Wheeler being informed that Landlord Galbraith was satisfied made a motion to dismiss the case the defendant paying the costs. McConnell is the young map-peddler who was arrested and brought back from La Crosse by John M. Nelson. His home is in Michigan.

EAVES TO BE TRIED FOR BURGLARY

In Default of \$700 Surety He is Committed to Jail.

Henry Eaves was arraigned in the municipal court this morning on the charge of robbing the carriage house of J. B. Humphrey, town of Rock, last November. Eaves waived examination and in default of \$700 bail was committed to await further proceedings on July 13. He is said to have been Clarence Wixom's accomplice.

FELL FROM THE BOSTWICK BLOCK

Carpenter William Gallup Slips While Moving Flooring This Morning.

William H. Gallup, 153 Caroline street, one of the carpenters at work on J. M. Bostwick's new main street block, fell while moving flooring this morning, sustaining injuries that necessitated carrying him home in a buggy.

HALL MEETING IN SHOPPIERE.

Annual Gathering of Stockholders—Tobacco Growing Rapidly.

SHOPPIERE, July 15.—The annual meeting of the stockholders of the Fraternity Hall association will be held on the evening of July 7 at 7:30 o'clock at the hall. A good many spent the Fourth at the picnic at Wyman's woods. They report a large crowd and a fine time. Others took in the sights that were to be seen in Janesville and they say that the fireworks were splendid. The harvest has commenced. Those who have rye are cutting it, and the hay crop, which is light, will be gathered in as fast as possible. Tobacco is looking well and never grew faster than it has this year. A little rain would be very acceptable, as some things need it very much. Mrs. J. P. Fonda is very low and is not expected to live very long. Mrs. Atkinson is gradually wasting away with consumption. Fred Rice has his house nearly completed. He will have a fine residence when he gets through. Mrs. M. F. Allen is visiting friends in Rockford.

CHURCHES MARKED THE FOURTH

Clinton, Shoppiere, Bradford, Emerald Grove and Allen's Grove United in Picnic.

CLINTON, July 6.—Our churches with those of Shoppiere, Bradford, Emerald Grove and Allen Grove united in celebrating the glorious Fourth by holding a picnic in the Wyman Grove. There was a general good time. Mr. and Mrs. Lewis Willis, of East Delavan visited in Clinton last week. Mr. Bliss and sister of Troy, were guests of J. De Wolf recently. Crops of nearly all kinds are looking very fine. Some field corn stretches up six feet and is sending out tassels. The interior of the Citizens Bank is having a general overhauling, new partitions, new counters, a new hard wood floor, new ceiling, beauty and utility combined.

A Series Of Sales.

We start tomorrow morning a series of sales which we propose to keep up during July and August. Heretofore July and August have been looked upon as dull months. This year we propose to prove to our own satisfaction and those competitors who want to come in and see us sell goods, that such is not the case. We are advertisers of facts not "fakes." We open the series in the morning with a sale of children's clothing. The prices quoted in our large advertisements are bona fide. We propose to go through our entire stock and three times each week cut our line right in two. Now is the time to take advantage of the prices quoted. Nothing of the kind ever known in Janesville. We teach other clothing merchants how to do business. T. J. ZIEGLER.

No Fear of Bad Weather.

Forecast: Fair tonight, Saturday and probably Sunday. Slightly cooler tonight.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:
7 a. m. 66 above.
1 p. m. 72 above.
Max. 73 above.
Min. 55 above.
Wind, west.

Veranda Furniture.

Ladies' veranda chairs..... \$1.95
Large veranda rockers..... 2.45
Ladies veranda rockers..... 2.20
Large veranda settees..... 4.95
Antique oak finish, varnished in good shape. No common natural rattan. Now is the time to use this furniture.

Ladies' Attention.

Don't fail to call at Charles A. Sanborn & Co's. store and see the test of "Pure Cream Tartar Baking Powder," and try the beautiful biscuit made from it. The exhibit will continue the balance of this week.

Notice to the Public.

We have received orders not to let a soul leave the store during July and August no difference what price we have to make them. We are ordered to sell at all hazards.

WHAT COUNTY FOLKS ARE TALKING ABOUT

FOURTH OF JULY CELEBRATIONS WERE NUMEROUS

Evansville Claims to Have Captured the Banner—Tobacco Growing Rapidly But Rain Is Needed—Four Towns Unite in a Picnic Near Clinton.

EVANSVILLE, July 6.—Evansville celebrated the Fourth of July. Write it in red, white and blue letters and every letter a capital, for the celebration was a success from beginning to end. The crowd was very large, very enthusiastic, and extremely good natured, and the day passed off with scarcely any friction. The procession formed at 10 a. m. in the following order: Bicycles; ladies and gentlemen on horseback; Black Hussar band; float, Loyal Temperance Legion; float, "Camp Fire," prepared by the G. A. R.; float, "Goddess of Liberty and States;" hack with singers and Porter Cornet band; float, furniture, Antes & Young; float, hardware and machinery, F. A. Baker; traction engine and other machinery, Fellows & Son; float, Magee & Lawton, of Evansville Review; traction engine floats and machinery, Grange store; fire companies and engines; Evansville Junior Cornet band; float and display car, Morgan & Co. float, Combs the photographer, and C. Key's army under General Fessenden. If space could be had it would be a pleasure to give a detailed account of the get up of the several floats, as all were neat, tasty, appropriate and expensive. The speaking was what might have been expected of Mr. Jeffris A. 1, and the frequent applause showed that his efforts were duly appreciated. The afternoon program was varied. Those who wished could remain at the park and see a variety of amusements, while the lovers of horses had a chance to see some good races at Broderick's driving park. There were two trotting, and one running race. In the first 2:27 class, were the following entries: Black Bess, owned by Dexter Curtiss, Madison, Wis.; Nancie Hans, owned by L. C. Brewer, Evansville, and a Baraboo horse called Dr. S. The first three heats decided this race, Black Bess taking first money; Nancie Hans, second and Dr. S. third. Time: 2:31, 2:34 and 2:31. The second race was a special trotting race between "Cap Woodward," owned by Woodward, of Madison, and "Rowdy Boy" belonging to M. H. Broderick. Three heats also decided this, "Cap Woodward" taking the lead in each. Time: 2:42, 2:43 and 2:41. In the running race there were five entries: Baby Boy from Baraboo; Grover C. and John W. Janesville; Porter F., Beloit, and Tambourine, Albany. This race was half-mile heats, best two in three. It took three heats to decide this race, Baby Boy taking the first heat; Porter F., second and Baby Boy third. It was a horse race between them all the way through. The following is the standing of the several horses: Baby Boy 1st; Porter J. 2d; Jno W. 3d; Tambourine 4th, Grover C 5th. Time 3:3, 54, 54. The evening display of fireworks certainly eclipsed any previous effort here, and we believe was as good as Madison, Janesville or any of our rival villages ever "put up." Three large dancing parties afforded amusements after the display of fireworks was ended, and when our visitors finally went home they felt that Evansville had literally done all it had advertised to do, that they had been completely filled with good things and that it was good to have been here.

PERSONALS FROM OLD MILTON.

Editor Cham. Ingersoll in Town—How the Fourth Was Spent.

MILTON, June 7.—Cham. Ingersoll of Beloit had business here Thursday. Mesdames Walter Rice and James Bucklen, of Waverly, Iowa, are visiting Mrs. Frank Blaisdell. The Mizos brothers came up from Chicago to enjoy Independence day with their father and relatives. The Blue Diamonds went out to North Johnson, the Fourth and played that nine. They were beaten by a score of 17 to 13 Jesse Green, of Albion, was a visitor here Wednesday. Many of our citizens spent the Fourth in Janesville. Large numbers were at Clear Lake and in fact the village was almost depopulated during the day. Miss M. A. Faville spent a day or two with Janesville friends this week. Small grain never looked better than it does at the present time. Corn is making a rapid growth and other crops are in good condition. Mrs. W. C. Garigus, of Bloomington, Ill., is visiting her parents, Mr. and Mrs. C. L. Clarke. Clem Dickinson, of Shawnee, visited his relatives this week. Clem W. Crumb and wife spent the Fourth at Darien. Prof. H. W. Rood and family move to Washburn next week, provided the cars run. Mrs. Julia Fuller of Red Wing, Minn., visited at P. M. Greene's this week. Rev. E. W. Mellott will occupy the desk at the Methodist church tomorrow morning. Remember the republican caucus next Thursday at 2 o'clock in P. of H. hall, Milton Junction. J. P. Wilson, of Burlington, Iowa, who was a student in the college many years ago called on President Whitford this week. Rev. Mr. Burdick of Oconto, attended the funeral of his sister, Mrs. E. T. Hamilton. Mrs. Captain Jameson and daughter, of Milwaukee and other friends are the guests of Mr. and Mrs. James McEwan. At the annual school meeting held Monday evening, Mr. F. C. Dunn was re-elected treasurer and the usual amounts raised for school purposes. In addition the board were instructed to put a new roof on the building, erect new steps and build new sidewalks. Mrs. C. W. Green of Nile, N. Y. and Mr. and Mrs. Ezra Crandall intended to go east Monday but on account of the strike have postponed their trip.

Result of the School Meeting—A. W. Buck Has Leased the Honeysett Farm.

FOOTVILLE, July 6.—Mr. and Mrs. R. B. Acheson spent Sunday at Center with their daughter. Freddie Wallihan has a new bicycle and is becoming quite proficient. The concert on Tuesday evening was a decided success. Tom Ogden is doing a flourishing business in his new ice cream parlor, on Wednesday and Saturday evenings of each week. A. W. Buck of this place has resigned his position here owing to poor health and contemplates moving to Center soon, he having engaged the farm of J. Honeysett the coming season. John Devans Jr. and daughter spent the 4th in this place. C. W. Owen's family expect to start for California the last of the week. The Temple Quartette sang at the Masonic hall to a crowded house on Thursday evening, this being their second appearance at this place. Howard Hastings is happy over his new brother. Bert Parker's many friends are sorry to lose him, but are glad that he has a good position in Belvidere. Four from this place were sent to Mendota on Wednesday last. Justice Howell, of Center, was called to Footville on business Tuesday. We are glad to hear that Webb Owen is improving and is at home again. Mary Hastings is spending a few weeks at her brother's. Lew VanWert of Evansville, called in town last Sunday. Sol Strang and Dennis Ryan were defeated at school meeting by a large majority, the old officers being retained. Mr. Jackson, a late graduate of the Wisconsin university, spent a few days last week with his sister, Mrs. Carlson. Mr. and Mrs. Garlick returned home last week.

SOUGHT SHELTER AND FOUND DEATH.

MISS KITTIE REILLY'S END COMES SUDDENLY.

Sat Under a Tree With Her Escort Waiting for a Storm to Pass Over—Lightning Splintered the Tree and Killed Her Instantly—Her Companion Escaped.

Miss Kittie Reilly was instantly killed by a stroke of lightning. So read the letter received by her brother, James Reilly. Miss Reilly was out in a boat with a young man named Norman Clark, at Clinton, Iowa. They saw a storm coming up and pulled to shore, taking shelter under a big tree. Lightning struck the tree and killed Miss Reilly instantly. Her escort was considerably injured. The dead girl leaves three brothers and two sisters—Thomas Reilly, of Oregon; James Reilly, of Bradford; Michael Reilly, of Brodhead; Mary Reilly, of this city and Ellen Reilly of South Dakota.

New Shades of Blue.

Three new shades of diamine blue have been recently introduced by manufacturers. The 2 B and 3 B are said to give very pleasing shades. These blues are not turned red by the action of alkalis or hot pressing, a quality not shared by any other direct blue dye. A fast neutral violet B is another new dye specially suited to cotton printing. Cotton can be dyed in the usual way on tannin and tartar-emetic mordant. It will prove useful as a substitute for alizarine and methyl violet, especially for the deeper shades.

Fair and Beautiful Lands Across the Sea. Give promise to the ocean voyager of health and pleasure, but there is a broad expanse of waters to be passed that rise mountain high in rough weather and previously disturb the unaccustomed stomach, more particularly if it is that of an invalid. Moreover, the vibration of the vessel's hull caused by the motion of the screw of a steamer, a change of water and latitude, and abrupt transitions of temperature, cannot without a medicinal safeguard, be encountered with impunity. For sea sickness, and prejudicial influences of air and water, Hostetter's Stomach Bitters is a standard safeguard. Tourists, yachtsmen, mariners, commercial travelers, and people bound on a sea voyage or inland jaunt, should always be provided with it. Incomparable for malaria, rheumatism, neuralgia, sleeplessness, loss of appetite, sick headache, biliousness and constipation.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

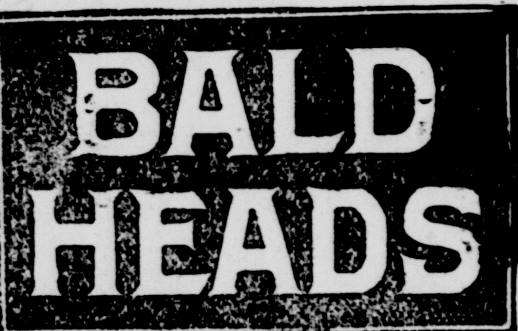

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

THIS DAY IN HISTORY

1189—Henry II of England, founder of the Plantagenet line, died; born 1133.

1747—John Paul Jones born in Kirkcubright, Scotland; died 1792.

1759—Commodore Joshua Barney, distinguished American naval officer, born in Baltimore; died 1818. (Commodore Barney left his father's farm and went to sea while a mere lad and at the age of 16 navigated a vessel. He served on the Hornet and Wasp and commanded various ships of war during the Revolution. He was several times taken prisoner by the British. At the close of the war he renounced the service, but entered it again as a privateer in 1812. He afterward commanded the Chesapeake flotilla and was severely wounded at Bladensburg, Md., during the British attack on Washington. For gallant conduct during that battle the city of Washington presented him with a sword.)

NONE SAW HIM DIE
IN THE RACEWAY.C. S. MORRIS FOUND DROWNED
THIS MORNING.

Body Comes to the Surface Near the Bridge Piles and Is Seen By a Little Boy—Death By Accidental Drowning Is the Verdict Of the Jury.

C. S. Morris was found drowned in the raceway at 7 o'clock this morning. The floating body was first discovered by a small boy who was crossing the race on the railway bridge.

The firemen at the west side station were notified and Sheriff Bear was called, who took the body in charge, conveying it to F. D. Kimball's undertaking establishment. A coroner's jury was then summoned before Justice M. S. Prichard, the following persons composing the jury: Julius Love, E. C. Alden, Frank Robinson, H. M. Weaver, William Farrell, George Pitcher. After viewing the remains, the jury adjourned to Justice Prichard's office where the investigation took place.

Dr. E. S. Woods testified to examination of the body. No evidences of foul play were discovered, and in the doctor's opinion the deceased came to his death by drowning, and had been in the water eight or ten hours.

Staggered Into the Raceway.

Members of the fire department testified that Morris passed the west side station about 9 o'clock last night, under the influence of liquor, that he was staggering and the last seen of him was near the railway bridge on the raceway.

The jury returned a verdict that Morris came to his death by drowning.

Evidently Morris attempted to cross the bridge, and staggered off. His body was found floating near the west shore and close to one of the bridge piles. He lay face down with his body bent. He was about forty-eight years old, deaf and dumb, and was a moulder by trade, having worked at that business in Janesville and Beloit many years. He had resided in Janesville a long time, and worked in the foundry of his brother, Robert Morris, on North Main street.

The funeral will be held from the home of Robert Morris, North Main street, at 3 o'clock Saturday afternoon.

JUDA'S CASE OF SMALL POX.

Much Concern Over the Outbreak of the Epidemic Near Here.

The small pox cases in Juda are still the object of much concern. Four cases are now under the health officer's care and a strict quarantine is maintained upon all roads leading into town. No one is allowed to enter or leave the corporate limits except in cases of absolute necessity. The pest is supposed to have been introduced by a young man who had spent some time in Chicago and recently returned to Juda. His ailment was supposed to be a severe case of measles and was treated as such. He has since recovered. The real nature of the disease was not discovered until after the third case had developed. Health Officer Clark of Monroe was there all day, today, and was kept busy assisting the local physicians in the work of vaccination. There is no fear of an epidemic.

S. B. SMITH NAMED AS PRESIDENT.

Change of Officers In the First National Bank—L. B. Carle Resigns.

At a meeting of the directors of the First National Bank this forenoon, the vacancy in the board was filled by the election of S. B. Smith. Mr. Carle resigned as president of the institution and Mr. Eldred as vice president, and in their places Mr. Smith was chosen president and Mr. Carle vice president. These changes are to take effect on August first. The board was reluctant to relieve Mr. Carle and Mr. Eldred of the duties which they have performed so acceptably. Under Mr. Carle's direction the business of the bank has had a constant and substantial growth, but for some time he has found the labors connected with the presidency of the bank together with the management of his private affairs much too arduous to be agreeable and he has been anxiously looking forward to the day when a part of the work could be transferred to other hands. In accepting the vice presidency he finds the relief which he has sought, but is still in a position where the bank will have the benefit of his counsel and experience. Mr. Eldred will remain a director in the board, which he has served for more than thirty years in the capacity of vice president and has done his full share in promoting the success of the First National bank.

S. B. Smith has had an active experience of over twenty years in the banking business and no man in Rock county is better or more favorably known in the financial or general business world. He is thoroughly posted in the theory and practice of his profession and the sterling qualities which he has always exhibited to this community as a business man and as a citizen will insure for him success in this new position which he has accepted after mature consideration.

Six Days of July.

Almost six days of July are gone, and they have been better than the first six days of June. Business always increasing. It does not take the people long to discover where they can buy the best shoes made for the least money, even if we have not graduated as "foot-fitters."

BROWN BROS. & LINCOLN.

A Ring and a Ring.

"Weren't you at the front door last night when Mr. Smith came?" inquired the mother of the daughter, referring to the young man who had been coming seven nights a week for a year.

"Yes, mamma," chirruped the daughter.

"I thought he didn't ring."

"That's all you know about it, mamma," and the delighted damsel extended a finger with a brand new solitaire glittering on it.—Detroit Free Press.

A Special Inducement.

Agent—I'd like to insure your life. Respectable Old Party—I don't want my life insured.

"But we offer special inducements. Every policy is paid on death."

"Well, all the companies do that."

"Yes; but we pay up even if you are hanged. How's that for a special inducement?"—Tammany Times.

Highly Recommended.

Miss Penstock—Do you know anything about Jagsby?

Jack Clabber—Why, yes; he's a fine fellow. Of course you know he deserted his wife and his morals are somewhat lax; he drinks to excess and is very profane; and, to tell the truth, he ain't exactly honest; but otherwise he's a very nice sort of fellow.—Judge.

Unshaken Still.

Dukane—I shook hands with Spudkins to-day and tried to show him that he was wrong in that little dispute between us the other day.

Gaswell—Did you succeed?

"No."

"That's just like Spudkins. You may shake his hand, but not his opinions."—Pittsburgh Chronicle.

Kept Them Away.

Summer Hotel Proprietor—It's singular there are no more young people here this year.

Clerk—Not at all.

Proprietor—Why isn't it?

Clerk—Didn't you advertise that the back piazzas would be lighted by electricity?—Life.

Dashaway—Here's a telegram announcing that my uncle is dead. I've been expecting it all along.

Clevertown—How do you know he is dead? You haven't read it.

Dashaway—Not but if he were alive it would have come "collect."—Brooklyn Life.

A PATRIOTIC CHILD
OF EMIN PASHA'S

FERIDA, THE LOVELY DAUGHTER OF EMIN PASHA.

She Is Now Living In Berlin And Is Happy Except When She Thinks of the Fate of Her Unfortunate Father.

WHILE THE CIVILIZED world deplors the fate of the bravest scientist and explorer Emin Pasha, his nine-year-old daughter, little Ferida, lives quietly in Berlin, unconscious alike of the sad loss and of the interest she excites. Ferida was born at Lado, in the very heart of Africa, Nov. 28, 1884, during the terrible year when the station was completely cut off from the outside world, and the brave governor, deserted by Egypt and deplored as lost by Europe, held his own among hostile blacks and the victorious Mahdian troops. Of Ferida's mother little is known, except that she was an Abyssinian and died before Emin left the Equatorial province. The expedition sent out by Sir William Mackinnon of England and led by Henry M. Stanley induced Emin to leave the scene of many years' devoted labor, and in the summer of 1889 he began the famous march to the coast. Ferida remembers the journey quite well and tells how she was carried in a hammock supported on poles across the shoulders of the negro carriers close by her father's horse. The many discomforts and constant dangers of the trip were little felt by the carefully guarded child, but the journey nevertheless made a deep impression upon her mind, and when warmed up to the recollection she tells how "black men came at us with long spears, but papa and Mr. Stanley killed some of them and the rest ran away."

Ferida's Arabian nurse, Fatuma, had come with her to the coast, and Emin installed them both in a pretty little villa in Bagamoio. In his separation from his little daughter in Bagamoio their histories part, and Ferida never saw her father again. Left without a master Fatuma abused Ferida so cruelly that the child ran away and took refuge in the family of Signor Mariano, an Italian gentleman in the service of the German East African company. He took Ferida into his family to bring up with his own children. With Fatuma and her father Ferida had spoken Arabian, in the Mariano household she picked up Italian and Suaheli and was taught French, so that at 6 years of age she was able to converse in three languages and had some smatterings of a fourth. Judging from the marvel-

FERIDA.

ous rapidity with which she has picked up German Ferida appears to have inherited her father's wonderful linguistic ability.

Having returned to the allegiance of his fatherland, it was Emin's wish that his daughter should receive some part of her education in the care of his family in Germany, and when in 1893 no news had come from him for over a year, and his friends had given him up for lost, Signor Mariano decided to send the child to her only living relatives. Sister Lise Bader of the German mission was returning home after two years in African hospitals, and in her charge Ferida set sail from her African home in July, 1893. The little girl reached the quiet house in Neisse, Silesia, her father's birthplace, and still the home of his sisters, the Misses Schnitzer. Emin Pasha's real name was Edward Schnitzer. Though Ferida has been in Germany scarce a year, and though she had never heard her father's native tongue before starting on her long voyage with sister Lise, she speaks German fluently and even with a decided Silesian accent picked up from playmates in Neisse.

For several months past Ferida has been in Berlin, but does not enjoy the city as she did the freedom of the country life in Neisse. The mild winter of 1894 was favorable for her, and she stood the change of climate well. She is perfectly content in Germany, and has not the slightest desire to return to her African home. Indeed, when asked if she wished to go back to Bagamoio, she replies with a decided "No!"

Ferida is well grown for her age, of slender figure, with dark, crisp, curling hair and lovely dark eyes. Her skin is hardly much darker than that of Spanish or Italian children; her nose is finely cut and only the mouth and chin show her Abyssinian blood.

Gold, silver and copper were known to the Greeks in the time of Homer, but oxen were still the standard by which other things were estimated.

QUEENS OF THE KEYS.

Two Pretty Typewriters Traveling with an Industrial Army.

Next to Kelly, the individuals who attract the most attention in his industrial camp are two good looking girls whom the men call "angels." They do not look like the angels I saw pictured in the family Bible that was on the parlor table when I was a boy, and I don't believe they are the same kind of angels.

One calls herself Edna Harper and the other says her name is Anna Hooten. They claim to be typewriters. Kelly explains their presence by saying that when the army was encamped near Council Bluffs, surrounded by militia and shut off from every means of transportation, these young women stole a Union Pacific train, ran it to the industrial camp and turned it over to him. He refused to take it or do anything contrary to law, but the action of the young women met with the unanimous approval of the multitude of sympathizers who had come to the camp from Omaha and Council Bluffs. Warrants for their arrest were issued, but some one spirited them out of the country, and when they threw themselves on his protection and pleaded to accompany the army he reluctantly acquiesced. The men approved of his action, for none of them wanted to go

KELLY'S TYPEWRITERS.

to prison, and Kelly says that there has not been one word of disrespect to the "angels" during the journey.

When Diderot spoke of the dirty bodies of the Russian peasants, Catherine of Russia said: "Why should they care for their bodies when they do not belong to them?"

Because His Wife Secured a Divorce.

Francis Xavier Beaupre, a shoemaker of Indianapolis, was found dead in his bed recently with his throat cut from ear to ear. Beaupre had trouble with his wife, who brought suit for divorce, alleging failure to provide and adultery. At the trial Beaupre told the judge that if the decree was granted he, Beaupre, would kill himself, but the decree was granted. The plaintiff swore that she loved her husband better than life and had once attempted to commit suicide because of his attentions to other women, he having used up \$800 of her money in this way. He left a note begging his wife's pardon.

THERE is but one way in the world to be sure of having the best paint, and that is to use only a well-established brand of strictly pure white lead, pure linseed oil, and pure colors.*

The following brands are standard, "Old Dutch" process, and are always absolutely

Strictly Pure

White Lead
"Southern," "Red Seal,"
"Collier," "Shipman."

* If you want colored paint, tint any of the above strictly pure leads with National Lead Co.'s Pure White Lead Tinting Colors.

These colors are sold in one-pound cans, each can being sufficient to tint 25 pounds of Strictly Pure White Lead the desired shade; they are in no sense ready-mixed paints, but a combination of perfectly pure colors in the handiest form to tint Strictly Pure White Lead.
